ASSOCIATED WITH MAHESH FOUNDATION, BELGAUM FOR ITS HEALTH, ENVIRONMENT & EDUCATION TO UNDERPRIVILEGED CHILDREN PROJECTS.

Maresh Foundation faces significant challenges in providing comprehensive care to HIV-positive children, including dealing with stigma and discrimination and ensuring access to specialized and emergency medical care. The stigma associated with HIV/AIDS often results in social isolation for the children, impacting their psychological well-being and hindering their community integration. Providing nutrition and medical care for HIV-positive children requires specialized and often expensive treatments.

Library

This library is a combination of digital and non-digital education. There are varieties of books available for the children along with the tabs and smart screens that enabled the children to explore and learn the things they are interested in.

WORKING ON VARIOUS PROJECTS WITH **EKAL ABHIYAN, BELGAUM**

Ekal Abhiyan in Belagavi, Karnataka has conducted activities such as **eye screenings and blood donation drives**. Ekal Abhiyan is a non-profit organization that aims to improve the lives of people in remote villages in India. 

ASSOCIATED WITH **PRIYADARSHINI EY HEALTH CARE & RESEARCH FOUNDATION, BELGAUM** FOR HEALTH-CARE RELATED PROJECTS.

About : **Priyadarshini Eye Health care and Research foundation.**

In 2004, a few like-minded people from diverse fields in Belagavi Karnataka India , came together with a noble vision to render health care services to the underprivileged people in and around Belagavi. Thus" Priyadarshini Eye , healthcare and research foundation " came into existence with able leadership of eminent heart surgeon Dr M D Dixit from Belagavi .

Community Eye care program was launched with initial technical support from Lions NAB hospital Miraj (under the banner of Vivekanand Netralaya) and Bhartesh Education trust.

WORKING WITH **SRI SATHYA SAI TRUST, PUNJAB** ON FEW OF ITS HEALTH AND EDUCATIONAL RELATED ACTIVITIES.
